

Dale T. Mortensen Centre Workshop on Interactions between Labor and Marriage Markets

Aarhus University, April 6th—8th

Call for Papers

The goal of the workshop is to discuss new research at the intersection of household decision making and labor markets. We aim to bring together researchers in the fields of quantitative and empirical macroeconomics, applied microeconomics, and family economics. Topics of interest include household formation with and without search frictions, divorce, marital sorting, income inequality, within-household insurance mechanisms, fertility decisions, and the role of firms for gender inequality, among other things.

Michèle Tertilt, University of Mannheim, will join the workshop as the keynote speaker. Furthermore, Marion Goussé (CREST-ENSAI) and Jesper Bagger (Royal Holloway, University of London), have already confirmed their attendance.

The workshop will take place at Aarhus University. It will start on Wednesday, April 6th at noon and end after lunch on Friday, April 8th. A conference dinner will take place on Thursday, April 7th.

Organizers: Bastian Schulz, Shiyun Zhang, John Kennes
Practical information: Malene Vindfeldt Skals (malska@econ.au.dk)

Deadline for paper submission: January 21st, 2022

Notification of acceptance: February 4th, 2022

Deadline for registration: February 18th, 2022

Please send your papers to Malene Vindfeldt Skals (malska@econ.au.dk)

Depending on potential travelling restrictions in Spring 2022, remote participation might be a possibility. However, we plan the workshop as an in-person event and strongly encourage participation onsite.
